Need a lunch presenter for your next meeting?
Volunteers from the National Association of Royalty Owners would love to talk to your members!

A little bit about NARO and private mineral ownership:

- NARO was established in 1980 to repeal the Wind Fall Profits Tax.
- NARO's mission is mineral owner education and advocacy.
- NARO is a volunteer lead 501c6 non-profit
- NARO is the ONLY national organization representing solely, and without compromise oil and gas royalty owners' interests.
- NARO is the voice for mineral property owners in the US working to protect their property rights and royalties.
- Private mineral ownership is unique to the United States (except for a small piece of Canada.) Mineral property is generally inherited by people who never intended to be in the oil and gas business.
- It is estimated there are 7.5 to 12 million mineral owners in the US
- Today NARO has 11 chapters representing 19 states.
- The NARO Foundation a 501c3 oversees the Certified Mineral Manager's (CMM) professional designation

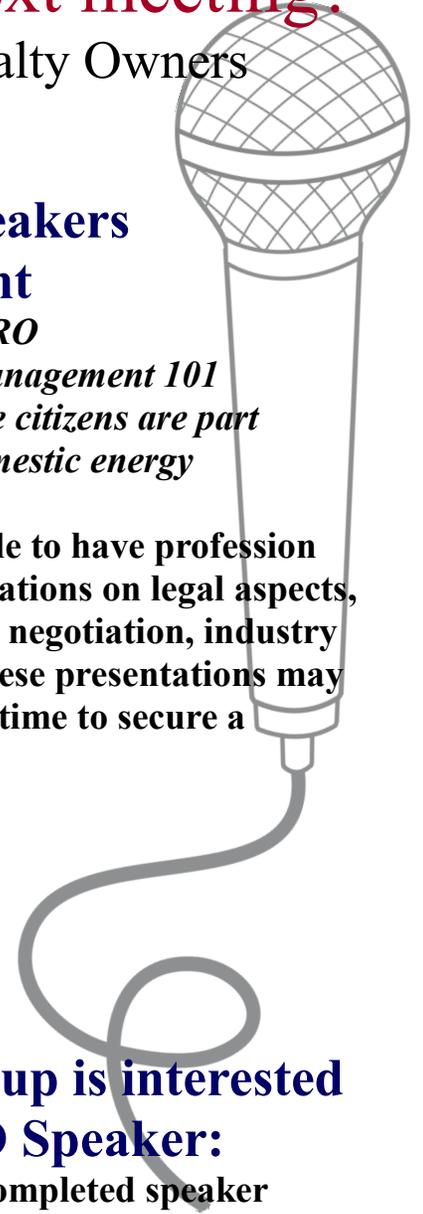

NARO Speakers Can Present

- *Who is NARO*
- *Mineral Management 101*
- *How private citizens are part of US domestic energy*

It is also possible to have profession specific presentations on legal aspects, tax issues, lease negotiation, industry changes, etc These presentations may take more lead time to secure a speaker.
